

## **Rocky Morris Bio**

Rocky was born and raised in South Carolina. He served four years in the U.S. Navy. After singing several years in a country band, Rocky felt a calling into the ministry. Recognizing his call, Rocky launched out into the ministry of Gospel music believing that doors of opportunity would open. Indeed these doors have opened. Rocky has shared the stage with such acts as B.J. Thomas, John Berry, Jerry Clower, Atlanta, Dean Mitchell and with many Gospel groups. Rocky is now ministering full-time in churches and auditoriums throughout the United States and other foreign countries including Vietnam, Haiti and the Philippines with great results. His music has also been released throughout the country of Indonesia with great response.

As an ordained minister, Rocky's primary thrust is to edify believers and to proclaim the Gospel to unbelievers. Rocky Morris Ministries is a non-denominational ministry crossing all denominational lines. His ministry is inspiring, joyful and challenging. But most of all it is ANOINTED!

Although Rocky has been singing for a number of years and has been seen and heard on many different television and radio programs, when asked to share his achievements, you may be surprised at his answers; ***"I feel it a great privilege to do what God has called me to do. The greatest reward that any person can receive is seeing someone's life totally changed as a result of what God is doing through your own life."***

He goes on to say, ***"I believe in the call that God has placed on my life. My prayer is that something I sing, write or say will continue to produce eternal results and changes in peoples lives."***
