

I was quite impressed with how Rocky was able to put his agenda aside and allow the Holy Spirit to use him to encourage, heal and set free those who were dry bones. I have met very few ministries with such humble servant like attitude. I would recommend Rocky to any church or ministry that wants to see Jesus lifted up and His anointing flow.

The Lord sent Rocky Morris to Word Of Life. Rocky is indeed anointed of God! He will show you Jesus no matter where he is called to minister. Call him and experience a true blessing of the Living God.

Recording Artist Rocky Morris came to minister at Grace Covenant Church. Our socks were blessed right off our feet as he ministered in song and God's Word. Many lives were touched and changed as the Holy Spirit moved among the body of many hurting people. I recommend Rocky to your church. He is anointed in song and has a heart for the lost and the downtrodden.

Rocky Morris is not only a musician but also a servant and minister of the Lord Jesus Christ. His ministry is not one that draws attention to himself but rather one that draws the listener to focus on Christ. Rocky has a very gentle and cooperative Spirit and a willingness to work with churches in order that the people be ministered to and that God be glorified. His ministry is definitely anointed of God.

We would like to recommend to any church the ministry of Rocky Morris. His ministry in song will bless and inspire any church who will invite him to minister.

We were privileged to have one of our most enjoyable evenings of Gospel Music with Rocky Morris. If any church has a need for spiritual uplift, pure Christian joy or an evangelistic outreach, I highly recommend Rocky Morris. He serves his Lord with joy, sincerity and dignity.
