

The Valens Bio

Welcome to the ministry of Frankie and Phyllis Valens. Wherever you have a need or desire for gospel music evangelism, they can fill that need.

Frankie was a nightclub singer in the 60s and 70s whose signature song was "This Magic Moment." He also recorded "Smoke Gets In Your Eyes" and "She Cried."

"Unique," "powerful," and "inspirational" are words often used to refer to their concerts. They bring a tremendous combination of God-given talents to their presentations.

Whether it is the gifted high vocals of Frankie to the powerful piano numbers from Phyllis, or the often entertaining "gotcha" skits to the anointed hand-signing to a powerful song, people are often lifted to a high level of praise and worship to their heavenly Father.

It is the desire of Frankie and Phyllis that all who attend their concerts realize that their only goal is to exalt Jesus. You may laugh, you may weep, you may want to shout, you may want to sit quietly. Whatever your mood, you'll find it uplifted and you'll be blessed greatly by being in the presence of Almighty God.

Programs:

THE VALENS REGULAR CONCERT

This concert runs about an hour and a half, and includes songs from their various albums with solos by Frankie, concert piano numbers by Phyllis, duets by Frankie and Phyllis, a thought-provoking skit, and a song with hand-signing. Frankie shares his testimony at every concert.

"VALENS-TINE" Banquet

A smorgasbord of love music through the ages that begins with a sing-a-long of old favorites such as "Let Me Call You Sweetheart," a fun skit about two famous lovers (Samson and Delilah), moving to the era of ragtime piano, proceeding to the 50s and 60 love songs that Frankie used to sing in the night clubs, including his signature song, "This Magic Moment," closing with numbers from a Christian musical, "I Promise To Love," and often ending the evening with the couples repeating their vows, after which Frankie and Phyllis will sing the ultimate love song, "Jesus Loves Me." It is a delightful way to say, "I love you."

4th OF JULY CELEBRATION

Filled with rousing, "goose bumps" patriotic music that is not often heard any more, including tributes to the American farmer and the Armed Services.

CHRISTMAS PROGRAM

Much variety in styles and songs for this most blessed season of the year, including the usual elements of a Frankie and Phyllis concert - solos, duets, concert piano numbers, a delightful skit about two angels, and a hand-signing song. This program is great, not only for churches, but for Sunday School classes and any organization that desires a Christmas program.

MISCELLANEOUS

Rest homes, Rescue Missions, Salvation Army, schools - anywhere the Lord leads them, they will go. They go to small churches as well as to civic auditoriums. Their only desire is to be where God wants them to be.
