

Let us introduce you to Walk On, Inc.

Nine evangelical pastors keep a careful watch on the splendid work of Mike and Lori Moore.

THEIR STORY IS THE MOST AWESOME POWERFUL ANTI-DRUG AND ALCOHOL MESSAGE IN AMERICA TODAY!!!

Mike was addicted to crack cocaine for seven years. Spending about \$800.00 per day, every reachable asset was gobbled up. Mike was delivered by the Hand of God and now lives to tell his amazing story with a heavy emphasis on PREVENTION.

Across the past three and a half years over 12,000 young people as far as Kentucky to South Florida have stood to Walk On In Freedom. their pledge is to live free of drugs and alcohol. In each venue, a Freedom Club is encouraged to give cohesion to the group and enable careful follow-up.

"SURELY YOU WON'T DIE", the devil said to Eve. That LIE now multiplied and strengthened across the ages is killing huge numbers of our citizens...both young and old. The vocabulary of death sounds like a devil's brew of wickedness: ecstasy, crystal meth, cocaine, crack, crank, and the equally deadly but legal

LORICET, OXYCONTIN, and the ALCOHOL to wash it down with.

The world moans as many of our brave soldiers die in Iraq. Well we should. But too few mourn while 25 times that number die in the streets, in the crack houses, sleazy motels, wrecked cars---all trying to find the meaning of life on the rusty end of a hypodermic syringe, in a jug of this or that, or in the fire they suck down their throats from a short-stemmed crack pipe. Mike's message is THE POWER OF TRUTH, boldly told, raw, ugly, sometimes brutal, but always straight in the face.

"I've been there, I've lived it", he says.

"I know first hand just how big the LIE is that says: YOU CAN PLAY WITH DRUGS AND ALCOHOL AND SURVIVE!"
