

"RENEWED" is a Southern Gospel group ministry based out of North West Tennessee. Their music has, at it's core, the very heart and soul of the southern blend that has popularized southern gospel music for many years. With two song-writing members in the group, they are able to capture, record, perform, and deliver the passion that each member shares for others. With God working through each one, they have become known as a traveling "evangelistic team" versus merely another singing group. And, for that blessing and privilege they are all deeply grateful and indebted to God. Where ever they go, they make it their primary purpose to follow the leadership of the Lord. It is their hope and prayer that anyone with whom they have the opportunity to be in worship will surely depart from a service likewise being **"Renewed"**. They look forward to seeing you very soon. God Bless
